ABOUT ME

I am a passionate **Mobile App Developer** and **Graphic Designer** dedicated to creating modern, user-friendly, and visually engaging digital experiences. I specialize in developing cross-platform mobile applications using **Flutter, Dart, Firebase, and Supabase**. With a strong eye for design, I also create creative graphics, branding materials, and intuitive UI/UX designs. I enjoy combining technical development skills with creativity to build apps that are both functional and visually appealing. I am always exploring new technologies and design trends to improve my skills. My goal is to develop impactful digital solutions that provide seamless user experiences and solve real-world problems.
